

JENTEK  
*The Missionaries of Quality*

**COURSE ON “INTERNAL AUDIT TRAINING & IMPLEMENTATION FOR ISO 9001:2000”  
ON SEPTEMBER 25 & 26, 2004 AT KOLKATA**

JENTEK would like to offer the subject course specially on heavy demands from its several valued customers. We now invite you to depute your proposed executives to participate in the subject programme and accordingly request you to confirm their participation. Kindly find the details of the subject course below for your prompt perusal, to be fruitful to your company. This programme would prove to be of immense help by providing you all practical & useful tips at the lowest possible cost. Please don't miss it.

After the overwhelming responses to all of our innovative and most practice-oriented programmes, on insistence from many of you we are encouraged to offer the elaborated subject course again in the month of September. The **Lead faculty will be as always, the most sought-after faculty, Mr.J. N. Dutta**, with decades of rich experiences and recognised contributions in such matters.

We need your patronage, support & blessings to provide continually improved services to you based on our firm belief that there is always a better way. Participation is solicited from your esteemed organisation for our value added and most effective programme. As one of our most valued customers /associates, always close to our heart, we strongly recommend you for participation in this programme. Very valuable course material with simple techniques will be available as a permanent asset to all the participants. Mr.J.N.Dutta will, himself, conduct the two days workshop.

**Course Details:**

The aim of the **Internal Audit Training & Implementation for ISO 9001:2000** course is to impart to the participants a *“Do-it-yourself”*. **The trained persons can start implementing and incorporating the latest World class requirements of the ISO-Standard from the very beginning in your own interest for overall business betterment.** This training is also required even after certification for maintenance of your certified status and to get the benefits from the installed system. It does provide scope for continual improvement in quality of product, all operations as well as in overall business performance ensuring the very bottom line of the business with favourable trends.

This course would impart professional training in Internal Audit Principles and practices for Quality Management Systems, to recognised National and International Standards, in particular **ISO-9001:2000**, and to enable participants *to develop and sharpen the requisite skills for effective conduct of Internal Audit conforming to the revised standard as well as improvement of Quality Systems and thus bottomlines of Business itself.* **Organisations seeking ISO-9000:2000 certification directly will also benefit from acquiring practical knowledge on documentations and implementations in addition to internal audit conforming to the revised standard ISO 9001:2000.** *In this programme there will be lot of interactive sessions when your executives will have the opportunity for a hand-on experience through individual and group exercises so that after the programme the participants can apply their expertise gained in there respective work places for assured improvement and benefits.*

**Course Fees:**

Registration fee per head is **Rs.4,500/=** only. **In case you propose to depute three or more persons from your organisation, you will be eligible for a special discount of 10%.**

We invite you to send early nominations to avoid disappointment at the last moment, as seats are limited and available on first come first serve basis.
